HOSPITALITY & TRAVEL RIDER.

ARTIST HOSPITALITY REQUIREMENTS · INTERNATIONAL BOOKINGS

The following requirements are intended to ensure a smooth and professional experience for the artist and event team. All arrangements must be coordinated and confirmed in advance with the artist's representative.

01 — TRAVEL & TRANSPORTATION

Travel arrangements shall follow the agreed booking terms.

- **Landed bookings:** Travel and accommodation expenses are included only as expressly specified in the written booking agreement.
- **Non-landed bookings:** Return flights, accommodation and necessary ground transportation shall be covered by the promoter unless otherwise agreed in writing.
- All flights must be approved by the artist or representative before booking.
- Airport, hotel and venue transfers shall be arranged where applicable and confirmed in advance.

02 — ACCOMMODATION

For bookings requiring an overnight stay, where included in the agreed deal:

- One private room in a reputable 4-star or 5-star hotel or equivalent accommodation.
- Complimentary high-speed Wi-Fi.
- Convenient location in reasonable proximity to the venue.
- Check-in and check-out times coordinated with the artist's travel and performance schedule.

The number of nights shall be agreed during the booking process.

03 — DRESSING ROOM & BACKSTAGE

- A clean, private and secure dressing room or dedicated backstage area.
- Access at least 60 minutes before and 60 minutes after the performance, where venue operations permit.
- Table, comfortable seating, mirror, fresh towels and drinking water.
- Air conditioning or adequate ventilation, where available.
- One designated event representative available for coordination.

04 — BEVERAGES

Please provide the following in the dressing room or designated hospitality area:

- 6 × 500 ml bottles of still water.
- 4 assorted soft drinks.
- 2 energy drinks.
- 4 bottles of Corona or equivalent beer.
- 1 bottle of Patrón Reposado tequila or equivalent premium brand, subject to local availability and applicable regulations.
- Ice, clean glassware and bottle opener.

05 — FOOD & CATERING

- Fresh fruit platter and mixed nuts.
- One substantial meal or snack, such as pizza, sandwiches or an equivalent local option.

06 — GUEST LIST & VENUE ACCESS

- Up to 4 complimentary guest-list places for the artist's invited guests, subject to advance confirmation and venue capacity.
- Artist access to the appropriate backstage and performance areas, subject to venue security procedures.
- Backstage access for guests is subject to prior approval by the promoter or venue.

07 — EVENT ADVANCE & COORDINATION

The promoter or venue shall appoint one direct contact responsible for coordinating hospitality, transportation, accommodation and arrival arrangements.

Any unavailable items or proposed alternatives should be communicated in advance for mutual agreement.

This rider forms part of the event advance and should be read alongside the signed booking agreement and the artist's separate technical rider. Any exceptions must be agreed in writing before the event.

Thank you for your cooperation and for helping ensure a professional event experience.

TECHNICAL RIDER.

DJ BOOTH SETUP

- Preferred: 4 × Pioneer CDJ-2000NXS2 or CDJ-3000 (minimum 2 × CDJ).
- 1 × Pioneer DJM-900NXS2 mixer or equivalent professional club mixer.
- 1 × Pioneer RMX-1000 if available (connected via send/return or master out).
- All equipment must be linked via Pro DJ Link and updated to the latest firmware.
- Stable booth monitors with independent volume control.

MISCELLANEOUS

- Artist performs using USB drives prepared with Rekordbox.
- RMX-1000 must be fully tested and operational prior to performance.
- Qualified sound technician must be available throughout the performance.

MONITORING

- Professional DJ booth monitors positioned at ear level.
- Minimum: 2 × 12” or 15” powered speakers.
- No latency or delay between booth monitoring and main PA.
- Artist uses professional DJ headphones (no in-ear monitoring required).

STAGE / BOOTH

- Minimum 2 m (6.5 ft) wide, stable DJ table.
- Proper ventilation in the booth (fans or cooling if needed).
- Separate surface or table for towels and drinks.
- Protection against heat, rain, or liquid spills.
- Reliable power access (220V / 110V).
